

Dementia Community of Practice Event: New Horizons

17 October 2019 – [Toynbee Hall](#), 28 Commercial Street, London E1 6LS

Aims

By the end of the day, participants will be able to:

- Celebrate and develop our community of practice
- develop our thinking about next steps and take action towards implementation
- update key topics and take away resources to support practice in delivery of high quality dementia and end of life care
- have an opportunity to network with peers and learn and share with each other
