15:33:16 From Hazel Webb - Hospice UK : Please may I ask anyone who has not yet registered to this network to do so via this link: <https://tinyurl.com/COVID19ECHO>

15:33:24 From HR WLHospice : Hello, Vicki McLoughlin, Clinical Director, Wigan and Leigh Hospice

15:33:58 From emma tempest : Hello, Emma Tempest St Helena Hospice, Colchester

15:34:09 From Ruth England : Hello! Dr Ruth England, University Hospitals of Derby and Burton

15:34:48 From Martin Hussey : Hi, I'm Martin Hussey, Paediatrician at Julias House Hospice (Dorset & Wiltshire)

15:35:35 From Clare Periton : Hello from Clare Periton at Helen & Douglas House

15:36:00 From Karen Gibson - Alice House Hospice : Hi Everyone Karen Gibson Alice House Hospic

15:36:52 From Jackie Stone : Re staff shortages we are having significant issues with registered nurse recruitment for the wards and have had to temporarily close one ward to make a safe environment until we can get enough staff. Much less problems with community and have increased this team to fill gap of lack of inpatient care

15:36:54 From Susie Lapwood : Hi everyone. Susie Lapwood - Oxford CEBM Covid palli response / paediatric palliative care

15:37:12 From Julie Kinley : Hello everyone - Julie from HUK

15:37:53 From wilkiemar : Hi All, Margaret from St Andrew's Hospice Scotland

15:40:57 From Laura Hugman : Laura Paul Sartori Foundation

15:40:59 From Kay Greene : there is already a consultation out Bee from Test and Trace - I completed the survey myself today

15:42:05 From Max Watson : Formal consultation process with Hospice UK and Together for short lives preparing a response and zoom meeting tomorrow details on the slides (11am tomorrow).

15:47:00 From Janet Dunphy : EMHG are sharing emails to discuss the tricky issues of mandatory vaccines for staff, which will probably come. We feel there is clinical, reputational and therefore financial risk for us. And it's a reasonable expectation that staff will want to reduce transmission to eloc patients, there is a watch and wait atmosphere, any advice gratefully received

15:48:32 From elizabethp : We are not the first but we have started paramedic recruitment. We have put together a long (3 month) induction/prep plan. Aiming for both H@H rapid response/virtual ward team and also development to clinical paramedic post (CNS equivalent).. Last one is developing skills to work bank shifts as registered practitioner in IPU. Early days but recruitment successful for the first here and the last

15:48:42 From emma tempest : Given that we have a duty to care for people in care homes and vaccination is a requirement to enter care homes surely vaccination is effectively compulsory for our community staff?

15:50:41 From elizabethp : How can we hear more about the national work on career pathway? We are definitely looking internally but would be so grateful for nstional

15:54:42 From Susie Lapwood : How can we get to see the draft universal principles for ACP? We are at a fairly late stage in revising near national ACP documentation for children and young people and it would be nice to ensure the documentation is in line with these principles?

15:55:51 From Graham Turner : I'm happy to discuss the paramedic aspect

15:56:54 From Graham Turner : This is what we started and I'm looking to lead this nationally

15:56:56 From Melanie Hodson, Hospice UK : Visit the poster exhibition at Hospice UK's national conference next month for more on the role of paramedics

15:57:01 From elizabethp : I will do that Cynthia

15:57:46 From Susie Lapwood : Thankyou Bee WEe!

15:57:51 From Cynthia Fasola (Hospice in the Weald) : Cynthia Fasola, from Hospice in the Weald. Thank you for sharing this Elizabeth. We have been using paramedics in our services for several years now. We are working on a research study in collaboration with researchers in our region. We would be happy to know about more hospices who have paramedics in their services and willing to join our study. Please send me an email at [Cynthia.fasola@hospiceintheweald.org.uk](mailto:Cynthia.fasola@hospiceintheweald.org.uk)

15:57:55 From Kay Greene : You are welcome Bee xx

15:58:32 From Anna Murray : Anna Murray, Medical Director, Wigan and Leigh Hospice

16:04:29 From elizabethp : I am not an anti vaccer. But data from countries with high levels of vaccine uptake seems worrying

16:09:24 From Graham Turner : Anyone wishing to be a part of the national steering group for framework for Paramedics in hospice / palliative care then please get in touch with me - grahamturner@gbch.org.uk and I will be arranging an initial meeting in November for this.

16:12:22 From Kay Greene : Thank you Graham - we have made contact with you already and look forward to the initial meeting date

16:12:46 From elizabethp : Hi Graham, we will be in touch

16:22:24 From Jackie Stone : As we have moved to all single rooms we have closed our viewing room permanently but retained our mortuary as a place to hold deceased patients until undertakers collect them

16:22:55 From Amanda Mayo : St Christopher's has re opened its viewing room in September. We have re started Day after death meetings. We were asking Funeral directors to collect from the wards but this is no longer the case. We have a 20 bay mortuary

16:27:59 From Susie Lapwood : Yes, really important distinction between what is important re place of death versus place of care... Needs to be articulated more in facilitating decision-making ...

16:28:42 From Chris Charters- St Leonards Hospice, York : thank you everyone. take care

16:29:44 From Susie Lapwood : Yes, really important to highlight those issues thankyou @Kate Flemming

16:30:41 From caroline-s : There is also a need to be honest about what care is available. a bereaved relative said to me today that if they had known how stretched the community services are their decision for a home death would have been different.

16:42:42 From Liz. : Thank you sorry I need to leave but this has been really intresting

16:44:39 From Kate Flemming : Thank you for the vital research work you are doing Sabrina - and thanks to your hot spot for holding out thi afternoon!

16:44:50 From Qamar Abbas : They are not 'hard to reach'. They are 'seldom heard'.

16:46:14 From Sarah Onions : Interesting research. We have lots of travelling communities in our area with similar requirements for large groups to attend the dying

16:47:18 From Sabrina Bajwah :

16:47:54 From Sabrina Bajwah : Thank you again to everyone for completing the survey and allowing me to present today.

16:50:57 From Orlagh Sheils : Thank you for my first ECHO session, so much useful updates, research and info.

16:52:07 From Melanie Hodson, Hospice UK : New WHO resources at:  
<https://www.who.int/news/item/05-10-2021-who-takes-steps-to-address-glaring-shortage-of-quality-palliative-care-services>

16:52:46 From Jackie Stone : Thank you for another very interesting clinical ECHO. It is always great to hear what is happening across the UK and sharing experiences. Great networking opportunity

16:55:55 From Susie Lapwood : Thankyou everyone. Interesting session. :)

16:56:06 From Karen Gibson - Alice House Hospice : Thank you for a very informative session

16:56:25 From Anna Murray : Thanks everyone

16:56:33 From HR WLHospice : thank you

16:57:03 From Alison Skelton : Thanks everyone for a really interesting session

16:57:30 From Gail Precious : Thank you so much for another interesting and informative ECHO.

16:57:38 From elizabethp : Thanks for some very interesting conversations

16:57:48 From HillsM : Thanks for a great session

16:58:29 From Liz Searle : Thank you great session again

16:59:39 From Mette B Larsen : thank you for an interesting session

16:59:46 From Jackie Meissner : Thank you love Seamus

16:59:49 From Kelvin Bengtson : thanks so much - very interesting meeting
